US TERMINOLOGY USED

Front post bobble stitch: (sc, hdc, 2 dc) around the post of the next dc, inserting the hook front-to-back through your work.

STITCHES&ABBREVIATIONS

Front post bobble stitch (**fpb**); chain stitch (**ch**); double crochet (**dc**); repeat (**rep**); row (**r**); single crochet (**sc**); slip stitch (**sl st**); space (**sp**); stitch/es (**st/s**); yarn over (**yo**)

Note: instructions between asterisks must be repeated the number of times specified. Sometimes, our ch 3 are taller than our dc sts, in this case, your turning chain will be made of 2 ch sts.

When working in the same dc where you crocheted your fpb, be extra careful to work in the correct dc, because the top of the stitch will be partially hidden by the bobble st. If necessary, place a marker on the top of the dc before crocheting the fpb.
